House on the Hill Corrections

I am very sorry to have discovered two errors in the symbol table for my block. Please accept my deepest apologies for any problems this may have created.

The correct symbol for NPS 242 (Medium Moss Green) is **I**, and the symbol for NPS 303 (Medium Antique Brown) is **Z**. The revised symbol table is shown here.

On the model, the girl's skirt was stitched in horizontal rows of vertical satin stitches over two linen threads, but cross stitches can be easily used instead.

Please feel free to contact me if you have any questions.

Ellen
